PROFESSIONAL SUMMARY

QA Automation Engineer with 9+ years of experience in logistics, healthcare, banking and revenue management. Currently at DP World working on Cargo Flow, a shipment tracking and visibility platform. Expertise in Java (Selenium, Rest Assured, Selenide) and TypeScript (Playwright) automation. Strong track record of building automation tools and process improvements.

PROFESSIONAL EXPERIENCE

Senior QA Automation Engineer (SDET), DP World

Jan 2025 - Present | Hyderabad

Cargo Flow is a logistics tracking and visibility platform. Owns testing for Flow and Exception services.

- â€¢ Own the test strategy, test cases, and API and UI automation for Flow and Exception services

- â€¢ Deliver user stories quarterly and automate alongside regular on-call coverage

- â€¢ Handle client communication and root-cause investigations

- â€¢ Fix regression and flaky test failures, review automation PRs

- â€¢ Innovation: Built self-service reporting pipeline, Chrome extension for bug reports, automated partner onboarding, moved credentials to Azure DevOps Variable Groups

Stack: Java, TypeScript, Playwright, Selenium, Rest Assured, Karate, Azure DevOps, Jenkins

SDET II, Innovaccer

Aug 2022 - Dec 2024 | Hyderabad

Healthcare data platform. Wrote and maintained test strategy, test plans, and test cases.

- â€¢ Developed Selenium WebDriver and Playwright (TypeScript) scripts on Cucumber framework

- â€¢ Set up automation framework for multi-platform test execution

- â€¢ Determined which test cases stayed manual vs. worth automating with Rest Assured

- â€¢ Participated in test scenario design and AI initiatives R&D

Stack: Java, TypeScript, Selenium, Playwright, Cucumber, Rest Assured, TestNG, Maven

Senior QA Engineer I, Model N

Apr 2021 - Aug 2022 | Hyderabad

Revenue management product for life sciences and high-tech companies.

- â€¢ Automated 2+ stories per sprint using Selenide framework via Jenkins

- â€¢ Maintained automation suite at ~100% pass rate by fixing failures promptly

- â€¢ Reviewed pull requests from other automation engineers

Stack: Java, Selenide, TestNG, Maven, Jenkins

Technology Support Specialist, Infosys

Mar 2019 - Apr 2021 | Hyderabad

Bank of America, Global Capital Markets. Debt and equity capital markets applications.

- â€¢ Built Page Object automation framework with Selenium WebDriver and TestNG

- â€¢ Identified web elements, wrote scripts, generated test reports with Extent Reports via Maven

Stack: Java, Selenium WebDriver, TestNG, Maven, Log4j, Extent Reports

QA / Developer, Arjun Web Solutions Pvt Ltd

Mar 2017 - Mar 2019 | Hyderabad

Worked on home mortgage application and Storm Overseas Education portal and Android app.

- â€¢ Built Page Object automation framework for both products

- â€¢ Ran regression and data-driven test suites with TestNG and Maven

- â€¢ Built and published Android app on Google Play Store

Stack: Java, Selenium, TestNG, Maven, Postman, Android

TECHNICAL SKILLS

Languages: Java, TypeScript

UI Automation: Selenium WebDriver, Playwright, Selenide, Page Object Model, Page Factory

API Testing: Rest Assured, Postman, Karate

Frameworks & Tooling: TestNG, Cucumber, Maven, Log4j, Extent Reports, RAFT

CI / Version Control: Jenkins, Git, GitHub, Azure DevOps

Other: Chrome Extension Development, Android, Agile (Scrum), Waterfall

IDEs / OS: IntelliJ, Eclipse, Android Studio; Windows, macOS

INNOVATION & PROCESS IMPROVEMENTS

â€¢ Built self-service reporting pipeline - moved manual report generation to business team

â€¢ Developed Chrome extension for faster QA bug report creation and ran team training session

â€¢ Automated partner onboarding check - replaced email-based confirmation with database-driven unattended step

â€¢ Moved credentials from properties files to Azure DevOps Variable Groups API

â€¢ Established lightweight recurring QA status report adopted by multiple teams

â€¢ Built automated pipeline for release documentation generation

â€¢ Piloted API test automation approach for faster test writing with IDE tooling support

CERTIFICATIONS

â€¢ Selenium Certified, Infosys (2020)

â€¢ Basics of Cloud Computing, Infosys (2021)

EDUCATION

Bachelor of Engineering, Mechanical

Swarnadhra College of Engineering & Technology, 2012 - 2016
